Gardenland Power Equipment

Powering Up For 2024!

At Gardenland, we aim to help our customers learn and understand the latest updates in legislation and how it affects them. With California's AB1346 legislation quickly approaching ahead in 2024, California landscapers need all the help they can get in the transition from Gas-To-Battery. Gardenland Power Equipment is an approved dealer in the CORE program, and our team is here to help!

- Richard Ogawa, Owner & CEO

CORE Program Overview

For Professional Landscaping Companies in California

01.

What is CORE?

02.

Do I qualify?

03.

What do I need?

Frequently Asked Questions

Page 1 of 2

How many orders can I place using the CORE Rebate?

There is no cap on how many orders you can place. There is a maximum rebate of \$25,000 total per person. Once you have reached that cap, no rebates can be redeemed.

What equipment is included in the CORE Catalogue?

Eligible equipment can be found listed on the CORE website under the “Catalog” tab.

Can I apply multiple charger and battery vouchers to a bundled kit?

Kitted items are subject to 1 voucher per kit. In order to apply vouchers towards the battery and chargers, customer would have to purchase all components separately.

Do companies have to provide proof of small/micro business designation?

Companies may be required to turn in documents supporting designation.

Frequently Asked Questions

Page 2 of 2

What happens when a voucher has been approved but the product is on back order?

Approved vouchers are valid for 12 months. If backorder exceeds 12 months, CORE will handle it on a case-by-case basis. If during the period of back order there are price changes, the customer is directly responsible for the price increase.

Can I finance the amount owed when I purchase using CORE?

Customers can finance the remainder of the charges owed through Approve, Gardenland's 3rd party loan matching service.

Can I stack other rebates with CORE?

Stacking is allowed if it does not breach the other program's agreement. Additionally, all subsequent requirements by the other program must be followed for the CORE Rebate to be valid.
